

**Performance Showtimes**  
show and rehearsal are at  
Soundstage Baltimore  
124 Market Place

There will be two shows on Sunday June 2.

Classes on the left side of the grid will perform in the 11:15 am showtime.

Classes on the right side of the grid will perform in the 4:00 pm showtime.

- The showtimes below indicate the performance you need to buy tickets for (either 11:15 performance or 4:00 performance)
  - Doors will open about 30 minutes before showtime.
- Students will sit in a group with their classmates and will be able to watch the show. Staff/teachers will escort class to the stage to perform and back to their seats.
- Please be sure performers are with their class 10 minutes before the performance is to begin, in costume with makeup and hair complete. You can get acquainted with the student seating area at the rehearsal. We will have staff keeping an eye on the performers during the show.
  - Each performance showtime is expected to be about 60 minutes in length.
- Please note the following is not the actual order in which classes will be presented. We will schedule the acts so that any students with costume changes will have time.
- Absolutely no video or photography during the show. The show is recorded professionally and will be provided to you for free online within a few weeks post-event.

PARKING- There is street parking (be aware of meters) and a parking garage right next to the front entrance of the venue.
